Little Texas, Amy's Back In Austin

(Brady Seals/Stephen Allen Davis) (Track 3 - Time 4:36)

We left Texas on a windy night
In a beat-up Chevy van
We loaded it up with our innocent dreams
And all the love we had
We didn't know then how hard it was
Livin' on our own
I'd find her cryin' late at night
Talkin' to the folks back home
I wonder what went wrong
And where is she now I'd love to know

I bet Amy's back in Austin
Workin' at the Zona La Rosa Cafe
I remember the night we lost it
And the day she went away
Was it the angry words or did she miss her momma
I don't know but it don't feel right
I bet Amy's back in Austin
And I'm missin' her tonight

Workin' ten hours in a West Coast sun Can make the days so long And watchin' the moon crashin' into the ocean Alone sure gets old I remember how sweet it was Where is she now I need to know

I bet Amy's back in Austin
Workin' at the Zona La Rosa Cafe
I remember the night we lost it
And the day she went away
Was it the angry words or did she miss her momma
I don't know but it don't feel right
I bet Amy's back in Austin
And I'm missin' her tonight

Could this desert wind Carry me back again With my heart in my hand Baby, baby I'm missin' you

Was it the angry words or did she miss her momma I don't know but it don't feel right I bet Amy's back in Austin And I'm missin' her missin' her tonight

Oh I bet Amy's back in Austin I bet Amy's back in Austin
