

Little Texas, Bad For Us

(Porter Howell/Dwayne O'Brien/Tom Shapiro)
(Track 2 - Time 3:15)

You really got a good one in
You hit me where it hurts
Just so you wouldn't get the best of me
I fired back somethin' worse

I put you down
You show me up

Good for you
Good for me
Bad for us

We keep goin' around and 'round
When's it gonna stop
Real love's not a matter of
Who comes out on top

I won't back down
You won't give up

Good for you
Good for me
Bad for us

It's a game of who's to blame
And we're keepin' score
One of us wins the battle
We both lose the war

Still we won't say
Enough's enough

Good for you
Good for me
Bad for us

To proud to say
Enough's enough

Good for you
Good for me
Bad for us

Good for you
Good for me
Bad for us
