

Little Texas, Forget About Forgetting You

You'd think that I'd have better things to do
than to sit around and think of you
After what you put me through
Oh, you'd think baby after all this time
I wouldn't let you cross my mind
And break my heart in two.

Chorus:

(and) Lookin' back I see clearly now
I always thought that someday
I'd get over you somehow.
But your memory stays
It just won't go away
I've done all that I can do.
I should just forget about forgetting you.
I thought that I could make it on my own,

I could learn to live my live alone.
But time has only proved me wrong
Oh, I thought that I could find somebody new
To help to get me over you,
But I'm still hangin' on.

Chorus

But your memory stays
It just won't go away
I've done all that I can do
I should just forget about forgetting you.
Yeah, yeah yeah yeah, yeah.
I should just forget about forgetting you.
