

# Little Texas, Inside

(Porter Howell/Brady Seals/Ralph Murray)  
(Track 7 - Time 3:25)

Down a winding gravel road  
There's an old country church  
A stranger who just passes by  
Will never know it's worth  
But you can walk in any Sunday  
And it'll open up your eyes  
So much love is in there waiting  
But you have to look inside

A man out on the street knows more  
Than we will ever learn  
About how cold the world can be  
And how our backs can turn  
You can walk right up and ask him  
What went wrong with his life  
But you'll never know the answer  
Until you look inside

Inside all of us  
There's a good no one sees  
Outside we may not show it  
But it can bring us to our knees  
When we realize what's been missin'  
Has been there all the time  
We have never seen it  
'Cause we've never looked inside

Sometimes I may seem distant  
Like I'm not really there  
You see a wall around me  
And you think that I don't care  
But my love for you runs deeper  
Than words can describe  
My heart is always open  
Just take a look inside

Inside all of us  
There's good no one sees  
Outside we may not show it  
But it can bring us to our knees  
When we realize what's been missin'  
Has been there all the time  
We have never seen it  
'Cause we've never looked inside

We will never see it  
Until we look inside
