

Little Walter, Nobody But You

Nobody but you babe
Nobody but you babe
Nobody but you babe,
you make my life complete

Started the ball a rollin'',
rollin'' like a tumble weed
Never stopped rollin'',
'til ya grabbed my heart,
and you know what I want to be

Nobody but you babe
Nobody but you babe
Nobody but you babe,
my sugar, 'cause you sure is sweet

You put the lid on the pot,
put the salt in the bread
Made my life worth livin'',
and I'm eatin'' every word I said

Nobody but you babe
Nobody but you babe
Nobody but you babe,
upset my very soul
