

Liv Kristine, 3 am

I can find no sleep - I never sleep at night
I stop counting sheep - I can see their eyes
And the lights will shine (all night) tonight
And the lights will shine tonight
A fly's been watching me - some (a million) dogs arrive
Some will cover me - some choose to bite
Then I will come to life - I can guarantee that
I will come to life
Won't you come with me - I can ease your mind
Dreams, thoughts, fantasies keep rushing by
I can find no sleep - I never sleep at night
All those pretty sheep sit mesmerized
Then I will come to life - I can guarantee that
I will come to life
