

Liv Kristine, River of diamonds

Lay with me
Awake with me
Stay with me in the golden sun
Shine through me
You are my diamond
Undress me now
Open my soul
My desire is your desire
Hungry and pure
Let me slumber

Leave me in this river of diamonds
All of your diamonds, beautiful diamonds
Seek me with your whispering chanting
Undress me now
Open my soul
My desire is your desire
Hungry and pure

Breathe with me
Leave with me
And run with me into dreamland spheres
Shangri-la shines like a diamond
Undress me now
Open my soul
My desire is your desire
Hungry and pure
Let me slumber

Leave me in this river of diamonds
All of your diamonds, beautiful diamonds
Seek me with your whispering chanting
Take me to your river of diamonds
All of your diamonds, beautiful diamonds
Seek me with your whispering chanting

Undress me now (undress me now)
Open my soul (open my soul)
Open my soul
Heal with me now
Unleash my soul

Leave me in this river of diamonds
Take me to your river of diamonds

Leave me in this river of diamonds
All of your diamonds, beautiful diamonds
Seek me with your whispering chanting
Undress me now
Unleash my soul
Heal with me now
Unleash my soul

A river of diamonds
Un rio de diamantes
A river of diamonds
Un rio de diamantes
