

Liv Kristine, You Are The Night

You're the night that gives me all these fears
It's your light that gives me harmony
You're the night that gives me loneliness
It's your light that gives me all I need
I stop acting like a fool, let me go
Did you think you could get just everything
I don't believe in love anymore
Cause you got away and broke my heart again
Ah ah ah you are the night, the night
Ah ah ah
Stop playing the same drum all the time
Don't you pretend you have blindfolded me
I don't believe in words anymore (no, no)
They made me cry too many tears in vain
You're the night that gives me all these fears
It's your light that gives me harmony
You're the night that gives me loneliness
It's your light that gives me all I need
Ah, ah, ah
Look at yourself and you will see
The eyes of a man you wouldn't dare to trust
Take all your lies with you and go
Cause you broke my heart and left me cold again
You're the night that gives me all these fears
It's your light that gives me harmony
You're the night that gives me loneliness
It's your light that gives me all I need
I could have loved you so much more
But you shut your mouth every time I mentioned us
You never believed me anyway (no, no)
Cause you knew that there would be an end to it
You're the night that gives me all these fears
It's your light that gives me harmony
You're the night that gives me loneliness
It's your light that gives me all I need
You're the night that gives me loneliness, loneliness
It's your light that gives me all I need, all I need
You're the night that gives me loneliness, loneliness
It's your light that gives me all I need
(all I need)
