

# Live, They Stood Up For Love

naked lovers feel the blood beneath their veins  
electric nerves communicate  
with tiny explosions through our brains  
who is this energy that never left or came?  
give rise to passion the only glory  
of this human story

I give my heart and soul to the one

we spend all of our lives goin' out of our minds  
looking back to our birth, forward to our demise  
even scientists say, everything is just light  
not created, destroyed but eternally bright  
masters in everytime lord in everyplace  
those who stood up for love down in spite of the hate  
in spite of the hate

who put the flower in the barrel of that gun?  
who lit the candle that started the fire,  
burnt down the fortress, the throne?  
who could house all the refugees in a single shack  
or a lowly bungalow?  
who lives in a different dimension, free from the  
struggles we know?

I give my heart and soul to the one

we spend all of our lives goin' out of our minds  
looking back to our birth, forward to our demise  
even scientists say, everything is just light  
not created, destroyed but eternally bright  
masters in everytime lord in everyplace  
those who stood up for love down in spite of the hate  
we spend all of our lives goin' out of our minds  
they live in the light

we made it to the moon  
but we can't make it home  
waitin' on a rescue that never comes  
made it to the moon  
but we can't make it home  
maybe home is where the heart is given up  
to the one  
to the one

we spend all of our lives goin' out of our minds  
lookin' back to our birth, forward to our demise  
we spend all of our lives goin' out of our minds  
they live, they

they stood up for love  
stood up for love  
stood up for love  
they stood up for love  
stood up for love  
stood up for love

we spend all of our lives goin' out of our minds  
masters in everytime  
we spend all of our lives goin' out of our minds  
stood up for love
