

# Living Sacrifice, Send Your Regrets

Incidental consequences

Growing larger by the second

Things I've said, things I've done out of ignorance

I cursed the son

Passive resistance, passive resistance

Sown in ignorance

If I'd known the path I took I could have told the stupid links to the past

Mistakes

Take a flying leap into your fate

I was wrong for thinking I could not prevail

Kept my mouth shut for too long

This is not what I agreed upon

Passive resistance, passive resistance

Believed the lies I cannot repeat this possession of hatred

Defeat, passive resistance, passive resistance
