

Living Sacrifice, Symbiotic

Symbiotic. Concieved in fire.

Panic strike. I cannot breathe. Piercing me.

Conscience deep. Consuming like. Embrace this heat.

Like love. Complete in me to see what I could not see.

This life inside. Symbiotic. Concieved in fire.

Amniotic suspension. Heart rate rhythmic. Surround by sound blood.

Nourished, blood nourished.

This union by love destroys the pain and changes everything.

This life inside. Symbiotic. Concieved in fire.

Waves of emotion. Lifted. Defeat. Consuming fire.

Burning sin like wheat. This union by love destroys the pain.

This union by love changes everything.

This life inside. Concieved in fire. Symbiotic.
