

# LIZ PHAIR, Fantasize

He's a friend of mine  
Kind of special guy  
He's a run-around  
Hey, you've got to hide your love away!  
I hear people are talking about us  
And I just have to say  
I lie awake every night  
Thinking about you, I fantasize  
All around us people are changing  
You've got to hide your love away  
I hear people are talking about us  
He's a special guy  
Kind of sentimental inside  
Hey, you've got to hide your love away  
I hear people are talking about us  
That's ok with me  
Get it easily inside
