

# Lizzo, Everybody's Gay

1 a.m. and the night just keeps on calling (Ooh)  
We on demon time until tomorrow morning (Ooh-wee, say less)  
Bitch, say less, express yourself  
Bitch, get dressed, unstress yourself  
It's cold outside, so what, let's take a walk

Tonight, I wanna be  
Nobody else (Nobody else)  
This costume feels so real  
Almost scared myself

Dance the night away (Keep your pussy poppin', pop those percolates)  
Everybody's gay, yeah (It's a happy place in here, baby, you're safe)  
We can take our mask off  
We can all ball and parlay  
I can hardly wait (At 3 a.m. my freak come out the cage)

(Mm, yeah) There's a Mona Lisa moaning in the room (Mmhm)  
Tell a sexy nurse to meet me in loo (Ooh, yeah)  
Sisters drinking bitches brew  
The mister got a monster too (Freaky)  
It's getting freaky, do you wanna leave the bar? (Hell no)

Dance the night away (Keep your pussy poppin', pop those percolates)  
Everybody's gay, yeah (It's a happy place in here, baby, you're safe)  
We can take our mask off  
We can all ball and parlay  
I can hardly wait (At 3 a.m. my freak come out the cage)

Pur, bitch

Freaky nights  
Crazy times  
Let's play dress up, baby

Dance the night away (Keep your pussy poppin', pop those percolates)  
Everybody's gay, yeah (It's a happy place in here, baby, you're safe)  
We can take our mask off
