

# Lizzo, Pants Vs. Dress

Aw yeah, ha-ha-ha

South west alief Texas not born but raised  
I was kicking it in the west  
But mostly down in the trae  
Or maybe montrose for a picnic  
Galleria boy I was getting it  
Playing shows spreading my name  
But it was so hot the summer's insane  
At South by south west  
I was put to the Johnny test  
They wanted a freestyle battle  
Ok, pants vs dress  
One little line  
And them boys was impressed  
Ditched the southwest to Minneapolis

I pull up to the minne and get buck wild  
Moving it shaking it by the pound  
West bank, wild n out  
Trying to see what that's all about  
First ave was recently  
My niggas sold it out for a week  
I step on the stage  
The scene was serene  
They ask my name  
Said it was queen

I don't what that means  
But I know that its good  
Nefertiti flow gives you Anuksun wood  
Estrogen's in this testosterone heir

So I'm going to sit in my throne  
And you can get in your chair  
And you can get in your chair  
And you can get in your chair  
And you can get in your chair

I'm going to sit in my throne  
And you can get in your chair  
And you can get in your chair  
And you can get in your chair  
And you can get in your chair

I'm going to sit in my throne  
And you can get in your chair

I'm from that south west alief texas  
Boy we reckless  
Diamonds in our teeth  
Shining brighter than your necklace  
Aw snap, I got it like that  
Writing raps to the boom bap  
Setting off a click track  
Lyrical, spherical, psych  
Just mobbin  
And if you got that guap  
You better watch it cause we rob you

Ben Taub you, life support  
Straight As in life check my progress report  
Address my court with piercing eyes  
Your knees are shaking can't hold your thighs

I'm barely phased, hardly surprised  
I've been the queen, you're just another guy  
Marty mcfly, boy you better think  
I'm throwing everything at you like the kitchen sink

Yep, so you can sit in your chair  
Yep, so you can sit in your chair  
Yep, so you can sit in your chair  
I going to sit in my throne and you can sit in your chair  
I going to sit in my throne and you can sit in your chair  
I going to sit in my throne and you can sit in your chair
