

LL Cool J, Hit 'Em High (The Monstar's Anthem)

[Intro]

Greetings, earthlings

We have now taken over your radioooo.....

[B-Real]

Goin' straight through the hole

You ain't got no game

I'm breakin' ya out the frame

Coming through like a train

Looking to take over the world is my goal

With my unstoppable crew takin' all control

You can't get none of this, we're runnin' this

Well taker, earth shaker, 3 point gunnin' this

Get out the lane, i'm comin' through

And if you don't wanna move then i'm comin' right through you

[Coolio]

It's like inch by inch and step by step

I'm closing in on your position and destruction is my mission

Though eight is not enough, your whole squad better duck

It's like switch when I bust

Now you're whole crew is dust

Comin' through my area, i'ma have to bury ya

The real scream team on your scream scene

It's like showdown on the range

Go tell me who wanna tangle with the

ghetto witch-doctor neighborhood superhero?

[Chorus:]

[B-Real]

We want it all (want it all!)

Unstoppable, we run the floor (run the floor!)

You can't take none of this hardcore (hardcore!)

In the game we take you to war (war!)

You ain't seen nothin' like this before

all)

If I hit 'em high, hit 'em high, hit 'em high

And you hit 'em low, hit 'em low, hit 'em low

If I hit 'em high, hit 'em high, hit 'em high

And you hit 'em low, hit 'em low, hit 'em low

[Method Man]

Insane like a runaway train i'm in your lane

Like it's only 3 seconds to score to win the game

Came to bring the ultimate pain upon the brain

Untamed, you won't like it when I change

And you are type strange

Make room, maniacal monster in the game

And I got my eye on you

Deadshot aim, as free throws keep comin' down like rain

You feelin' me, I'm feelin' you

The Monstar again, i'm tellin' you

Pass me the rock, now i'm headed to the basket

Get up out my way is what you better do

My tactics is unsportsmanlike conduct

You better ask it

Don't get no better than this, you catch my drift?

You get stripped by ballhandlers ruled by Swackhammer

Danger, you're dealin' with official hoop-bangers

With hang time like a coat hanger

Jump, with thunderous 360-degree type dunks
What up doc? The Monstar funk

[LL Cool J]

Lightning strikes and the court lights get dim
Supreme competition is about to begin
Above the rim, finessin' and moves is animated
Once I get to ballin', I can't be deflated
I'm rugged raw, my Monstars is gettin' money
When clicks get to buggin', I'm snatchin' up their bunnies (Uhh!)
Every step I take shakes the ground
I'll make you break your ankles, son, shakes you down
This is my planet, I'm bout business
The best that ever done it, can I get a witness? (Uhhh!)
Cumulus clouds bring darkness up above
You in it for the money?
Or in it for the love, M.J.?
23 ways to make a pay
Loungin' in the mothership back around my way (Uhh!)
I'm 28 light years old
If the refs get political, dribble like Bob Dole
Am I gettin' lyrical?
Daddy, I think so
Monstar droppin' flavor fluid so drink slow

[Chorus]

[Busta Rhymes]

Yo, god bless!!
Pick up your chest
Here's an example of how I can stress your full court press
With finesse, I bench-press your stress whenever you test
We're speed ballin', on the fastbreak just like the pony express
I'm gonna mingle in your face and take the lid off
Just use your head and forfeit the game
You and your team just need to back off!!
Get off my block, gimme the ball, I said it's my rock!!
I'm startin' a line-up by gettin' y'all to bring the livestock
Throw all your money in the pot
And make sure you bet all your money on my bank shot
When we come right through tell me what you really gonna do?
We'll leave your team name in shame and take your talent from you
While you abandon your ship, we take your championship
With nothing left for you to see except the instant replay clip
Money spending, goal tending, stay-bending teams like crash cars
Who do they be?
They be the Monstars!!!!!!

[Chorus]
