[Freeway:]
Yo holla at ya motherfuckin' boy
Freewizzle in this bitch
Banks you with me?

[Lloyd Banks:] Yeah I'm back... Again

[Verse 1: Lloyd Banks]

Now they call me Boywonder but i'm better known as Banks

Got a nine millimeter I'll put nine in your tank

You think that i'm a slip Nigga hop up off my dick And the things'll B-A-N-G-So please don't envy

Niggas get paranoid whenever I come to town

The one your girls fuckin' whenever you're not around

You clown

They feel my sound

And they hear me when I spit

How my jewelry got baguettes and canaries in every chip

Fuck pol you can't scare me on a trip My jet skis ridin' in Miami with a chick

Thats thick A hollow tip

Could turn ya man into a bitch

Have him hidin' in the closet by the spannards and the fish

And I know i'm gettin' money but I plan on gettin' rich

See I come from the gutter where theres cameras in the bricks

You should see my whip is sick when I'm ridin' through the hood You're tired of being broke and mad that i'm doin' good

The police daydreaming of havin' me on that hood

Harrassin' me for I.D. and naggin' me cause they could

But i'm still blowin' wood And grabbin' it out the jar I'm a G-A-N-G-S-T-E-R-

[Verse 2: Freeway]

My niggas move basil but for now they switched the way

Bring a brick around ya way I got workers with the grill I'm workin' with the steel

Say H-I- with the -K And I'm G-A-M-E-

So please don't come around my way with the dumb shit

Bad place to visit you get ya son hit

Four fifth cock it and spit at you

Get ya car bombed, robbed jewels popped with a quickness

And we G-A-M-E-

We show no sympathy

Cops know how we ride they got it in for Free

He move keys through the land where they fathers die

He got a mill to see
