

# Lloyd Cole, These Days

you don't need a lover in this climate  
you don't need a boyfriend in your bed  
these days

pull a blanket round you baby  
if you're looking for an early grave  
mr. anderton will lead you to it  
he says

pull a blanket round you baby  
some have said

i'd go now rather than wait  
just to sit and watch my days slip away  
so surely

you don't need a lover in this climate  
you don't need a boyfriend in your bed  
these days

pull a blanket round you babe
