

Lloyd, Fish On The Ocean

I'm swimming like a fish on the ocean
I'm singing like a pipe organ
I'm living liek a man with a notion
I'm thinking that I know so much

I've been walking through space
Though time to you
And I can move mountains in my view
I am going to places you can't find
And I will see you again

(chorus)
And this is
What you'll call your life
And this is
What it must be like
And this is
What you'll call your life

I'm swimming like a fish on the ocean
I'm waiting for a soul robber
And I'm a son of the day
And I'm awake
And I will see you again

(chorus)
