

LMNT, Forgot To Forget

I can't keep dreaming
All this pain I'm feeling
All in all, it's that you gone
but why is it taking me so long?
How can I move on?
Without your love I'm long gone
Turn back the hands of time
Back to the day when you were mine

You and I were once together
I wish we'd stayed forever
My heart can't live without you
Oh girl, can we work it out?

'Cause I can't do this
I can't do that
Can't see the good in our goodbye yet
Even six months later and I still forgot to forget about you
And I can't turn off
It still runs hot
Feeling the feelings I know I should not
You're my best ex-lover and I still forgot to forget about you

Remember the laughter
We shared with each other
Now it's like a broken heart attack
I'd give anything if you would take me back

Girl I'm so sorry
I didn't mean to hurt you
What I did I cannot explain
I don't know why I was playing games

You and I were once together
I wish we'd stayed forever
My heart can't live without you
Oh girl can't we work it out

'Cause I can't do this
I can't do that
Can't see the good in our goodbye yet
Even six months later and I still forgot to forget about you
And I can't turn off
It still runs hot
Feeling the feelings I know I should not
You're my best ex-lover and I still forgot to forget about you

All I wanna do is stop my life and hit rewind
All I wanna do is find you girl and make you mine
Mine once upon a time
Not so long ago

I can't forget, you yet, you know I can't do that
The feeling is still too real
To forget about you (forget about you)
I can't forget you yet
'Cause where my lonely heart's at
I can't see the good in goodbye
To forget about you
ohhhh

'Cause I can't do this
I can't do that
Can't see the good in our goodbye yet

Even six months later and I still forgot to forget about you
And I can't turn off
It still runs hot
Feeling the feelings I know I should not
You're my best ex-lover and I still forgot to forget about you.
(Chorus repeat until fade)
