

# LMNT, Good In Goodbye

You never know  
What you had until you watched her walk out, walk out  
I love you so  
And I never said a thing  
But I need you right now  
Baby...

I can't go on like this  
Don't wanna be just friends  
We can't let it end  
Cause I can't see the good in goodbye

I never knew that love would feel this lonely  
I'd give the world to have you here beside me  
Don't walk away without giving our love one last try  
Cause I can't find the good in goodbye
