

# Lobo, Hate Loving Me

(Joey Tempest / Kent LaVoie)

The stores are all closed  
Got the street to myself  
Here is so peaceful  
But all is not well  
It's almost like  
I wish it would rain  
Something to blame

Something in our love has changed  
We're still together  
But it's not the same  
We're in a place  
That I never thought we'd be

In your eyes I see something  
I never thought I'd see  
I made you hate loving me

I know I don't have to  
Admit this to you  
But I realize  
What I've put you through  
You made it so easy  
Baby what makes it so hard  
Is that you don't even know  
What makes it so hard  
Is that you won't let it show  
What makes it so hard
