

Lobo, Heart To Heart (Person To Person)

(Sam Lorber / Jeff Silbar / Mark Gray)

Maybe I'm crazy
But I feel insecure
Look me straight in the eye
So I can rest assured

We've been making love so long
I shouldn't have to ask
Is it gonna last

Let's have a heart to heart
Person to person conversation
About our heart to heart
Person to person situation

Please don't touch me now
You always turn me on
The meaning of what we say
Will get lost in our arms

I need to know how you feel
And hear it from you lips
Not from your finger tips

Let it come from the heart
And mean what you say
And I'll believe you
Every word of the way
