

# Lobo, Hope You're Proud Of Me Girl

(Lobo)

See me rising like the moon in the early evening  
I hope you're proud of me girl  
Watch me soaring like a bird in the early morning  
I hope you're proud of me girl

You wanted me way up there in the air  
And now that I'm there  
I hope you're proud of me girl

See me flying like a cloud way up in the sky in  
I hope you're proud of me girl  
Watch me crashing like a fool who  
don't know what he's asking  
I hope you're proud of me girl.
