

Lobo, Hope You're Proud Of Me Girl

(Lobo)

See me rising like the moon in the early evening
I hope you're proud of me girl
Watch me soaring like a bird in the early morning
I hope you're proud of me girl

You wanted me way up there in the air
And now that I'm there
I hope you're proud of me girl

See me flying like a cloud way up in the sky in
I hope you're proud of me girl
Watch me crashing like a fool who
don't know what he's asking
I hope you're proud of me girl.
