

# Lobo, It Just Feels Right

(Kent LaVoie)

This ain't no special night  
No silver soft moonlight  
I couldn't even tell you if the  
Stars were out tonight

Ain't no Christmas eve  
Ain't no Halloween  
It's just a night like most every  
Night that I've ever seen

But it just feels right tonight  
It just feels good tonight  
If we were ever gonna fall in love  
Tonight's the night that we'll  
Fall in love  
Cause it just feels right tonight

There ain't no magic glow  
No special words I know  
But I'm sure now I never want to let  
You go

And why I feel this way  
Is because you feel this way  
And we will be in love before  
The light of day
