

Lobo, It's The Thought That Counts

(Kent LaVoie / Billy Aerts / Kevin Harris)

I touch you, and you start to pull away
Like there's something on your mind
You just can't say
You don't think I know, what's going on
But I know you think, our love is gone

You won't come right out and say it
But I can see it in your eyes
You're thinking of leaving
But you can't say goodbye
You may never leave me
But sometimes I have doubts
Cause I know it's crossed your mind
And it's the thought that counts

It may look bad, but I don't see it that way
I see a lot of hope in the words you don't say
That you won't tell me, shows me you care
But it's still hurts to know
Those thoughts are there
