

# Lobo, Just The Sight Of You

(Lobo / Susie LaVoie / Billy Aerts / Danny Morrison)

I'm going to out of way places trying to change my ways  
Cause unfamiliar faces they look good to me these days  
I don't want to see any old friend that wouldn't do for me  
Cause you just might be with them and you're the last one I want to see

Just the sight of you and baby look at me  
I become a sight anyone can see  
I start to come undone and then I want to run  
That's what I go through at just the sight of you

Now I can run and run and run and run I can go and hide  
But you're always with me somewhere down inside  
Now as long as you stay that way no one ever knows  
But the minute I lay eyes on you I start losing control cause
