

# Lobo, Life Doesn't Get Any Sweeter Than This

(Kent LaVoie)

When days come along and  
Everything goes wrong  
I lie awake at night and think  
About things in my life  
If I hadn't said some of the  
Things that I said  
If you hadn't done some of the  
Things that you've done  
Could it have been better than  
It is now  
When you move in your sleep  
And pull on the sheet  
And mover up next to me baby,  
That's all that I need to know

Life doesn't get any sweeter  
Than this  
Love is the word at the top of  
Our list  
We can climb every mountain  
And wish every wish  
But baby life doesn't get any  
Sweeter than this

What do you have if you have  
It alone  
What good is a house if it's not  
A home  
How can you share when  
There's nobody there  
How can you care when  
There's no one to care about  
You
