

Lobo, Never Think I Don't Still Love You

(Lobo)

Just Because We Don't See Each Other Anymore
That Don't Mean That I Don't Care
Just Because We Can't See Things Eye To Eye
That Don't Mean There's Nothing There

Never Think I Don't Still Love You
Cause I Do Yes I Do
Never Think I Don't Still Love You
Cause I Do

We Were Close Together For So Long
Then Our Life Just Started Going Wrong
I Hurt You And You Hurt Me
But We Just Need Some Time To See
What We Need For Us To Get Along

You Are The Only Man I'll Ever Need
But I Just Need Some Time For Me To Breathe
I Love You And You Love Me
But For Now Let's Let It Be
There's One Thing That I Hope That You Can See
