

# Lobo, Never Think I Don't Still Love You

(Lobo)

Just Because We Don't See Each Other Anymore  
That Don't Mean That I Don't Care  
Just Because We Can't See Things Eye To Eye  
That Don't Mean There's Nothing There

Never Think I Don't Still Love You  
Cause I Do Yes I Do  
Never Think I Don't Still Love You  
Cause I Do

We Were Close Together For So Long  
Then Our Life Just Started Going Wrong  
I Hurt You And You Hurt Me  
But We Just Need Some Time To See  
What We Need For Us To Get Along

You Are The Only Man I'll Ever Need  
But I Just Need Some Time For Me To Breathe  
I Love You And You Love Me  
But For Now Let's Let It Be  
There's One Thing That I Hope That You Can See
