

Lobo, Paint The Town Blue

(Roger E. LaVoie)

Don't be ashamed old friend
We gave it our best try
We came as close as we could get
To makin' it this time
Something like this calls for celebration
So get on the phone and make a reservation

I'll put on my fancy evening dress
And slip into my dancin' shoes
We're gonna make the most of this mess
And paint the town blue

We'll dance all night long
Like we used to do
And we will make believe that
All our dreams are coming true
Everyone will think
We're out for a good time
Little will they know
We're out for the last time
