

Lobo, The War To End All Wars

(Kent "Lobo" LaVoie)

Sing the baby off to sleep
Turn off his Mickey Mouse light
Stand alone in the darkness
Prepare yourself for the fight

Across the ocean friends are dying
Here at home it's much the same
Don't cry now precious lady
You know you're not to blame

The sky was clean
And the trees were green
And the earth was a place of joy
When I was a boy
