

Lobo, We'll Be One By Two Today

(Kent LaVoie / A. Michael Gatley)

We'll be one by two today
Won't you help us find a better way
Please make us feel that we are right
To want to come together tonight

We've come to ask your help my friend
Cos you know just how it's been
We've got a lot to ask of you
And you know that's hard for us to do

Won't you help us
Help us

Those before us tripped and fell
Even though they think they're doing well
We don't want to live a lie
And watch our love slowly die

Won't you help us
Help us

Even Though we've asked your help before
My mouth turned dry walking through your door
Till now nothing meant so much to me
Through you eyes sweet Lord I see

Won't you help us
Help us
