

Lobo, Whispers In The Wind

(Billy Aerts)

[Adapted from a popular Malay Song "Getaran Jiwa"]

Like whispers in the wind
Throughout the day
Your love calls out to me
In it's own special way
I hear your voice gently speaking to me
Those sweet sounds of love in my ear
No matter where the world may take me
I feel your love everywhere

Your whispers in the wind
Drifting on the breeze
Soothe my anxious heart
Until your here with me

I'll rush to your open arms
As soon as the day is through
As whispers in the wind
Lead me safely home to you
