

# Local H, Bag Of Hammers

You pin me down - you box my ears  
I'll get you back - Motherfuck - I'm no baby  
I've made a meal - the first course is crow  
Choke it down - cause you suck - I'm no baby

You never said smart was your strong trait  
But smart never seemed to be a trait at all  
And I never wanted to see you go down  
But I must admit that I'd like to see you  
Fall right back into your tar trap  
And bend your back until it fucking snaps  
And I never wanted to hurt you that bad  
But I must admit that I'd like to see you fall

You pin me down - you box my ears  
I'll get you back - Motherfuck - I'm no baby  
I've made a meal - the first course is crow
