

Local H, Congressmen

Yeah, yeah, yeah, yeah
You can leave it
'cause I don't want it
It's all f**ked up and tangled
Just leave it behind
You can have it, if you want it
I can always get another
Yeah, they ain't hard to find
If you don't want it, then screw it
Don't try to tell me all about it
No, don't waste my time
You can leave it
Why don't we leave it
No, I don't wanna talk
And there's nothing on my mind
It's been two long years
And it's re-election time
But I ain't running
I ain't a congressman
I ain't no congressman
Two years
I ain't a congressman
Now you're complaining
But I don't play it
Yeah, I threw away those rules
A couple of days ago
Why don't you go?
Don't make me turn around
And be hard and tell you truth
That I can't take it
I can't stand it

This is not what I wanna do with my life
Can't you believe it?
Why don't you see it?
Get the quarters off your eyes
That are making you so blind
It's been two long years
And it's re-election time
But I ain't running
I ain't a congressman
I ain't a congressman
Two years
I ain't a congressman
I know
You're so blind
It's been two long years
And it's re-election time
But I ain't running
I ain't running
I ain't a congressman
I ain't a congressman
Two years
I ain't a congressman
I ain't a congressman
Two years
Yeah
I ain't no congressman (x3)
I ain't a congressman
I ain't no congressman (x2)
I ain't no
I ain't no
I...no
