

# Lock Up, The Sixth Extinction

Darkness is a knife  
Grey skies hide  
A refuge in sickness  
Stealth, contempt  
Pre-emptive rapture dawns  
Post human cult is born

The sixth extinction  
When the war is lost do you cash in  
your will to survive - the sixth extinction

Sentient machines  
Mankind's offspring  
Mortal fantasies - techno witchery  
Testament to creation  
Snuffed out in a single breath

Genetic reverse evolution  
Immortality spawned in circuitry  
Genetic reverse evolution  
The prototype of things to come

The sixth extinction  
The sixth extinction.
