

Lodger, Floozy With An Uzi

Just a floozy with an uzi
Just a girlie with a gun
When I could have been a model
And I should have been a nun

I'll lose my blues in some Jacuzzi
Life's just a lotta clean fun
For a floozy with an uzi
For a girlie with a gun

Just what was it about that
Little Israeli machine?
Play all day in the sand
Nothing gets jammed
Understand what I mean

So Mister, you can keep your lenses
And Sister, you can keep your beads
I'm riding Mercedes Benzes
I'm taking care all of my needs

Just a floozy with an uzi
Just a girlie with a gun
When I could have been a model
And I should have been a nun

I'll lose my blues in some Jacuzzi
Life's just a lotta clean fun
For a floozy with an uzi
For a girlie with a gun

Just what was it about that
Little Israeli machine?
Play all day in the sand
Nothing gets jammed
Understand what I mean

So Mister, you can keep your lenses
And Sister, you can keep your beads
I'm riding Mercedes Benzes
I'm taking care all of my needs

Just a floozy with an uzi
Just a girlie with a gun
When I could have been a model
And I should have been a nun

I'll lose my blues in some Jacuzzi
Life's just a lotta clean fun
For a floozy with an Uzi
For a girlie with a gun
