

Lodger, Steal & Lie

What are friends
It never ends
Lend me a fifty
Make it a hundred

Some go down
And Some get high
Some go down
Some get high
World is unjust
And so am I

Nice night for a walk
Stop for a talk
Could you spare a fag?
Hand over that handbag

Some go down
And Some get high
Some go down
Some get high
World is unjust
And so am I

Some go down
Some get high
World is unjust
And so am I

Money spells crimes
Such a selfless times
Clearly understood
I'm no Robin hood

Some go down
And Some get high
Some go down
Some get high
World is unjust
And so am I

Some go down
Some get high
World is unjust
And so am I

World is unjust
And so am I

World is unjust
And so am I
