

# Lodovica Comello, Crazy Love

I can't find a way to say  
that I loved you for so long  
I would have told you yesterday  
but when I met you I was afraid  
and I am trying to hold on  
sooner or later I'll find the courage

Crazy love, it's making me so cold  
crazy people crazy over love  
show me details of your thoughts, then I...  
then I'm gonna show you mine  
can't wait to see your face  
can't wait to kiss your smile  
can't do this till I say to you I...love you boy  
can't do this till I say to you I...love you boy

I see lovers down the street  
and they share body heat  
and I would like to feel the same  
but you belong to someone else  
and that's holding me back  
sooner or later one will get hurt

Crazy love, it's making me so cold  
crazy people crazy over love  
show me details of your thoughts, then I...  
then I'm gonna show you mine  
can't wait to see your face  
can't wait to kiss your smile  
can't do this till I say to you I...love you boy  
can't do this till I say to you I...love you boy

I don't know if I can hold on  
but my feeling is deep and pure boy

Crazy love, it's making me so cold  
crazy people crazy over love  
show me details of your thoughts, then I...  
then I'm gonna show you mine  
can't wait to see your face  
can't wait to kiss your smile  
can't do this till I say to you I...love you boy  
can't do this till I say to you I...love you boy
