

Logan Michael, Another Go

I took our pictures off the wall
Threw away all my sweatshirts you wore in the fall
My friends say that I should move on
But they don't know you like I do
How you love sleepin' in, watchin' TV
Sittin' in your comfy chair when you read
Yeah, you still have my heart
That's the hardest part
It wasn't your fault, and it wasn't mine
We were a match made in Heaven, just at the wrong time
And I know it might be too late
But I still think about you every damn day
So maybe down the road
You can come back and we can give this another go
I've tried to forget
Let go of the past, put all of it to bed, but part of me won't let you go
So, baby, I want you to know
It wasn't your fault, and it wasn't mine
We were a match made in Heaven, just at the wrong time
And I know it might be too late
But I still think about you every damn day
So maybe down the road
You can come back and we can give this another go
Go, go
Don't leave me
No, no, no
I won't let you go
Oh-oh, I want you to know
It wasn't your fault, and it wasn't mine
We were a match made in Heaven, just at the wrong time
And I know it might be too late
But I still think about you every damn day
So maybe down the road
You can come back and we can give this another go
Go, go
Don't leave me
No, no, no
I won't let you go
Oh-oh, I want you to know
We can give this another go
