

# LOGOPHONIC, Little Pieces

Just today all questions  
With tails between their legs  
Fall away together  
With duties and regrets  
Every look  
I get from you  
Rises me high  
Above ground in pieces  
Colouring the skies

Right now  
Is better than ever  
Is better than any time  
Right now  
Right now  
Is better than ever  
Is better than any time  
Right now
