

Lola, No Strings

Artist: lola

Song: no strings

It's the first thing on my mind when i wake
It's the last thing on my mind when i have faced the day
I need it so bad (so bad)
It makes me feel like a woman
And it's so good
Let me make you feel like a man

Baby, let's have sex
No strings attached
Real good sex
Baby, i need to relax
I don't even know you
And i don't care
Cause, you've got what i want
And i want all you got
Come on baby, let's do it right here

I need what i need, when i need it
I'm just a ??? child
I'm not gonna lie about it
I'm untamed and wild
It makes me stronger
I can't help it
Make it last longer
As long as you can take it

Baby, let's have sex
No strings attached
Real good sex
I need to relax
I don't even know you
And i don't care
Cause, you've got what i want
And i want all you got
Come on baby, let's do it right here

And i'll strip
Strip for me, baby
Do it nice and slow
Take off your shirt
Take off your shoes
Take off your belt
Take it all off, baby
And do what i need you to do

I need to relax, oh
I don't even know you
And i don't care
Cause, you've got what i want
And i want all you got
Baby, come on, let's do it right here
Let's have
Let's do it here...
