

# Lola Ray, She's A Tiger

Comb your hair like the dog you are  
Make some room for your sister in the car  
Make room for new female behavior

By & by in the time of every life  
Strapulate to the tip of your guitar  
Make room for new female behavior

It's inevitable tonight  
She's a tiger  
She's a tiger  
He's a deer running home tonight  
She's a tiger  
She's a tiger

Make room for new female behavior  
Her mind is set no one can save her

It's inevitable tonight  
She's a tiger  
She's a tiger  
He's a deer running home tonight  
She's a tiger  
She's a tiger

Now make time for female behavior  
Cuz her mind is set now & no one can save her

It's inevitable tonight  
She's a tiger  
She's a tiger  
He's a deer running home tonight  
She's a tiger  
She's a tiger

Yeah yeah  
Somebody said  
It's inevitable tonight  
He's a deer running home tonight
