

# Lollipop Lust Kill, Father

Dominating forces catapult my thoughts  
I want and need to control every aspect of you  
I must control everything, keep you under my thumb  
I will mentally @#%\$ till you break or I leave  
Berate and humiliate as my father did to me

The abused will abuse

{Chorus}

I want to be the one for you  
Want you to be the one for me  
I need to see inside your mind  
Want you to see inside of me

I am a mental predator  
Feeding on your childhood traumas and mental monsters  
I will use my insecurities against you  
And Ill live to make them yours  
Long string of failed relationships

My father lives inside of me

{chorus}

Why? (repeated)

{Chorus}

Kill my father, heal my father
