

Lolly, Internet Love

i, i love to play on the internet
and i, i love to surf round the internet

(*)

i power up i switch on
i'm on line all day
i'm interactive in every way
in every way

(chorus)

internet love
now i've been bitten by the
internet bug
i surf the highway for
computer love
i'm stuck on internet love
i'm stuck on internet love
i, i like to fly around in cyberspace
cos my virtual rocket can go any place

(repeat *)

(repeat chorus to fade)
