

# Londonbeat, Ordinary Summer

Break out the cold beer, crank up the barbecue...  
I feel like raising the roof  
Been wait'n all year, don't give me no excuse  
I'm here to party with you

The time has finally come  
We're gonna have big fun  
Sing us a summer song

No ordinary summer, no ordinary song  
This time it's gonna last all winter long  
No ordinary summer, no ordinary love  
I swear it on the moon and the stars above...  
(Hey yeah- now gimme gimme  
Gimme gimme that thing you've got)  
Alright, alright...

Hey, we'll go crushin', Down on the beach tonight  
I feel on top of the world  
We've got the music, we've got the party life  
We've got these beautiful girls  
Now the time has come, we're gonna have big fun  
Sing us a summer song

No ordinary summer, no ordinary song  
This time it's gonna last all winter long  
No ordinary summer, no ordinary love  
I swear it on the moon and the stars above  
(Hey yeah - now gimme gimme  
Gimme gimme that thang you've got)  
Alright, alright

So, it's summer time and it's party time  
Lot of honeys in the sunshine  
No ordinary summer...  
So, it's summer time and it's party time  
Lot of honeys in the sunshine  
No ordinary summer...

No ordinary summer, no ordinary song  
This time it's gonna last all winter long  
No ordinary summer, no ordinary love  
I swear it on the moon and the stars above...  
(Hey yeah, now)
