

Lonestar, Country Fair

(Richie McDonald/Robbie Chevront/Chris Waters)

Twenty bucks buys ten coupons
Two eats of corn and one ride on
The tilt-a-whirl with your favorite girl
Keep on walking down the midway
Three-eyed goats and games to play
Step right up, Carney says try your luck
You can tell the sweet smell of summer in the air
Whole town shuts down, everybody's gonna be there.

Down at the county fair
Big time, big top, big crowds, big hair
There's nothing bigger all around
The country anywhere
Than the county fair.

Judging pigs and judging pies
Fighting for the first place prize
All all you seen this year's queen
4-H Club and FFA, yeah, they got that too
And eight o'clock rolls around,
Everybody knows the grandstands open up
And it's time for the big show.

Down at the county fair
Big time, big top, big crowds, big hair
There's nothing bigger all around
The country anywhere
Than the county fair.

Down at the county fair
Big time, big top, big crowds, big hair
There's nothing bigger all around
The country anywhere
Than the county fair.

Down at the county fair
Big time, big top, big crowds, big hair
There's nothing bigger
In small towns everywhere
Then the county fair.
County fair
Yeah, county fair...
