

Lonewolf, Boomtown Bay

I love you and you love me
but I fear your Mom do not agree
Your Daddy is saying I got to go
but if I leave, not without you
I know a place where we can go...

Refrain: I love Boomtown Bay
it is my only way
not to become astray
so I say: Keep it up down Boomtown Bay !!

In every week, on every day
all I need is Boomtown Bay
Party all over in the sand
Boomtown Bay, the promised land
There is one place we can go ...

Refrain

But some guys in the government
they all do not understand
they tried to catch me, but I ran away
ran towards my hiding place in Boomtown Bay
I know a place where we can go ...

Refrain
