

Lonewolf, Don't Look Back, My Friend

Have you ever felt lonely ? Have you ever felt weak ?
Didn't you know which way to go ? Was your low at it's peak ?

If you say, you don't know this, truth is only a word
but hold on, brother, count on me !

Refrain: Don't look back, my friend, this time will end
Don't look back, my friend, on every rain there's sunshine
on every sunshine rain !

I will help you through these times, I will hold your hand
I will be there forever, until the end

Refrain
